## U-Crate 100 Self Load Crate Set Up Instructions

more information online: <http://upakweship.com/shipping-services/u-crate-100/>

		
<p><b>Step 1.</b> Open your U-Crate 100 kit and take off the lid. You'll find everything you need- 2 wall sleeves, base, straps, cover, and the pallet. Make sure you have everything when it arrives.</p>	<p><b>Step 2.</b> Remove the wall sleeves and place them on the ground. Stand one sleeve along 2 sides of the base. Start stacking your boxes! Same size boxes stack nicely, wrap any furniture items.</p>	<p><b>Step 3.</b> Place boxes snugly, leaving a small gap so there is room for the 2nd sleeve to fit and connect to the pallet. Load the heaviest boxes on the bottom.</p>
		
<p><b>Step 4.</b> Once loaded, place the second wall sleeve. It only fits one way around so everything is covered. Use some help or steps to fill up the top part, and place the lid piece on top.</p>	<p><b>Step 5.</b> Run some tape around the bottom, up the sides, and then the top. Place the plastic cover over top. Run some more tape over the plastic cover to keep it in place. Tuck the bottom into the base.</p>	<p><b>Step 6.</b> Toss the straps over the top, feed through the pallet, and secure the strap through the clip on the other end. Tie off any excess strap. Attach the labels we send you, with tape, to at least 2 sides of your U-Crate.</p>
<p><b>How is it collected and delivered?</b> Arrange a collection day with us, a couple of days in advance Have the U-Crate ready to go on a hard flat level surface (curbside, driveway, garage) with access for a large truck A driver will use a pallet jack and tail lift to collect your U-Crate, and its journey begins! Upon arrival at the destination, you'll be contacted to arrange delivery at your new home's curbside or driveway! Note Australia/New Zealand and other countries contents may be delivered loose due to customs/quarantine inspec.</p>		
<p><b>External dimensions:</b> 45" x 45" x 78" LxWxH inches = 92 cubic foot crate <b>Internal dimensions:</b> 43.5" x 43.5" x 72.5" LxWxH inches</p>	<p><b>U-Crate 100 Finished Set Up</b></p>
